### NINETEEN NEW CASES.

Typhoid Fever Epidemic at Palo Alto, Cal., Continues Unabated.

Palo Alto, Cal., April 25.—Nineteen cases of typhoid fever developed Friday, making a total of 132. There are thirty-five cases at Stanford university. Of those dangerously ill, the physicians say that R. Barrett, of Hermann, Minn., cannot recover. All the new patients had been using milk from a dairy recently ordered closed.

The condition of Governor Richards of Wyoming is critical.  
Two men were severely injured by the premature explosion of a charge in the reveller gun at Fort Snelling, Minn., Friday morning.  
The Western Union telegraph office at Butte, Mont., has been closed on account of alleged rioting resulting from a strike of messengers there.

It is not thought that Lieutenant Governor Lee of Missouri told all he knew to the St. Louis grand jury, and he will be rigidly examined Monday.  
Governor Van Sant of Minnesota has vetoed the Peachey bill which would make it possible for divorced persons to marry again immediately after the decree of court.

J. P. Morgan and Miss Morgan, Andrew Carnegie and Mrs. and Miss Carnegie were passengers for Europe on the White Star liner Cedric, which sailed Friday from New York.

## Kaufman Garments and Custom Tailoring are On a Par.

No merchant tailor makes clothes that wear better, that look better or fit better.

Each suit or overcoat has that out of the ordinary look which immediately stamps it as the peer of any ready-to-wear garment manufactured. To wear a "Kaufman Garment" means comfort, style, economy and satisfaction.

The "Kaufman" overcoats are recognized everywhere as the highest order of tailoring and draping. No other make of overcoats give such universal satisfaction, and best of all the cost of these garments is very moderate. Ask to see the "Kaufman" Topscoot.

## TO FORCIBLY PROTEST

GREAT BRITAIN, UNITED STATES AND JAPAN WILL OPPOSE RUSSIA'S DEMANDS.

### CONFIRMS THE SYNOPSIS

British Minister to China Cables London Foreign Office That Published Summary of Russian Note to China Is Correct—Explanation From St. Petersburg Anxiously Awaited—Support of France for Russia.

London, April 25.—The Associated Press learns that there is in contemplation a forcible joint protest on the part of Great Britain, the United States and Japan against the Russian demands in the matter of the sovereignty of Manchuria.

Sir Ernest Satow, British minister to China, in a dispatch to the foreign office, confirmed the synopsis of the note addressed to China by M. Platon, Russian charge d'affaires at Peking. Further official advice regarding the intentions of the Chinese government and explanations from St. Petersburg are awaited anxiously. In the meantime the British government is not taking active measures, although Foreign Secretary Lansdowne intends to circulate pourparlers looking to joint action from Washington, London and Tokio, provided further information sustains the present abstract of the Russian demands.

The Associated Press is authorized by the foreign office to state that if the Chinese government correctly represents Russia's claims, these claims constitute an absolute breach of all the undertakings given in connection with Manchuria and utterly abrogate the principles of the open door, territorial division and international comity to which the British government constantly and publicly has committed itself.

It is added that in these principles Great Britain has always acted with the United States and it is presumed that similar feelings exist at Washington. Nothing, however, is definitely known, with the exception of the British minister to China, no British ambassador has yet reported.

It is pointed out that Russia's explanation may throw a different light on her demands, although in official circles here there is a frank expression of the belief that Russia has no intention of evacuating Manchuria and that she hopes after demanding the maximum to secure a compromise.

### Hears Nothing From Japan.

The foreign office has heard nothing confirming the reported dispatch of Japanese warships to New Chwang. It received no information regarding initiative steps on the part of Japan, actual or in contemplation, although no doubt was expressed that Japan would join in the protest.

At the German embassy here it was pointed out that Count von Buelow, the German imperial chancellor, had expressly excepted Manchuria from the British-German-Chinese agreement. Count Bernstorff, first secretary of the German embassy, said: "While Germany is a friend and supporter of the open door, our interests in Manchuria are scarcely sufficiently important to justify our interference."

Both on account of international political conditions and King Edward's approaching visit to Paris, where Russian sympathy is strong, the announcement from Peking came like a bombshell to London. It is discussed with considerable reserve. No attempt is made, however, even by the most careful students of Far Eastern conditions, to underestimate the gravity of the situation.

Nothing definite will result until Wednesday of next week or later. Lord Lansdowne is moving slowly on account of lack of information and because he realizes that Great Britain has her hands full owing to the troubles in Somaliland, the government's attitude in the matter of the Bagdad railroad, the difficulties in South Africa and party disaffections.

### BACKING FOR RUSSIA.

France Will Give Sympathetic Support to Her Ally.

Paris, April 25.—Owing to the absence of Foreign Minister Delcasse, foreign office officials maintain reserve in the matter of the Russian terms for the evacuation of Manchuria, but the belief appears to be generally accepted that the strong ties existing between France and Russia assure at least sympathetic support of Russia's position or else silent acquiescence.

It is pointed out that France and Russia have been in accord throughout in the matter of policy toward China; furthermore the view prevails in well informed circles that the continuance of the bond of amity between Russia and France is of greater importance than any question relating to China.

### Will Take No Immediate Action.

Washington, April 25.—Secretary Hay will take no action in the Russian-Manchuria matter until he has communicated the facts to the president and has learned the latter's wishes. The impression here is that the Russian action is a distinct breach of faith with the United States.

### RESULT OF SUNDAY'S STORM.

Fifty-two Persons Lost Their Lives in Eastern Provinces of Germany.

Berlin, April 25.—According to the latest statistics fifty-two persons lost their lives as a result of Sunday's storm in the Eastern provinces.

### Refuses Funston's Request.

Washington, April 25.—By direction of the secretary of war, Judge Advocate General Davis has addressed a letter to Brigadier General Funston refusing his request for a court of inquiry to investigate his conduct in the Philippines, as the department finds the charges of cruelty to be untrue.

## OPINION OF MR. KNOX

NO CASE WOULD LIE UNLESS NATURE OF PAPERS TAKEN IS KNOWN.

Washington, April 25.—Attorney General Knox has expressed the opinion to Postmaster General Payne that unless there is something to show whether the documents taken from the safe by Mrs. Tyner are government property or private papers, no case would lie.

This statement was made after Mr. Knox had gone over the papers forwarded to him by the postoffice department. Mr. Payne replied by stating the circumstances attending the taking of the papers, and the fact that most of the papers filed in such government safes are of a confidential nature and therefore are not of record. There will be a conference today between Mr. Payne and Mr. Knox. The position taken by the postoffice department is that it has done all that is possible to establish the facts in the case; that the impropriety of the act is of equal importance to the nature of what was taken and that any further steps rest with the department of justice.

It is known by the postmaster general that the safe from which all the papers were taken has contained valuable official papers at various times and that Mr. Tyner has so stated. It is not known, however, whether any such papers were in the safe since Mr. Tyner last had access to it.

Attorney Ross Perry, counsel for the Tyners, called on the postmaster general subsequent to an interview with Attorney General Knox. He told the postmaster general that the Tyners would be glad to have the postmaster general or any representative of his department look over the papers at the Tyner residence. Mr. Payne talked with Mr. Perry at some length and pointed out to him that the Tyners were given an opportunity immediately after the papers were taken to open them in the presence of the officer of the department and had refused to show them or to indicate to the government representatives even the nature of the papers. Mr. Payne was asked subsequently if he declined Mr. Perry's proposition but said he could not discuss that phase of the question. It may be stated as the department's attitude, however, that it will not give much weight to any papers that are returned and that it is unlikely any further serious effort will be made to recover the papers in view of the fact that there is no way of showing whether any papers returned were the ones actually taken.

### CROWD IN A PANIC.

Twenty People Injured in Rush for Exits of Peoria Tabernacle.

Peoria, Ill., April 25.—An incipient blaze in the tabernacle, an immense frame building here, threw the 5,000 people in the building into a panic. The building is used as a roller skating rink and was crowded when the blaze was discovered. In an instant there was a mad rush for the exits and many of the skaters were knocked down and trampled on by the crowd. Twenty people were injured, though none of them seriously. The fire was extinguished with little financial loss.

### DRILLERS TERRIBLY BURNED.

Strike a Flow of Gas and an Explosion Follows.

Hamilton, O., April 25.—At Middletown the Middletown Gas and Oil company, at a depth of 600 feet, struck a heavy flow of gas. An explosion occurred before the light could be removed. Randall Cumming, William Smith and James Rogers, drillers, were terribly burned.

## WITHOUT AGREEMENT

NEGOTIATIONS BETWEEN GREAT NORTHERN TRAINMEN AND OFFICIALS BROKEN.

### DOUBLE-HEADER THE CAUSE

Company Refuses to Sign a Scale Abolishing the System—Poll of the Employees Will Be Immediately Taken on Question of a Strike—Both Sides Agree on all Other Questions—Men Obtained Increase in Wages.

St. Paul, April 25.—Negotiations between the Great Northern trainmen's committee and the company officials closed Friday without a settlement being effected.

After two hours' discussion at the office of General Manager F. E. Ward, he announced to the committee that it would be impossible for the Great Northern to sign a schedule that contained a clause eliminating double header trains from the system.

This statement brought the conference to a speedy close, as the double-header question was the only point at issue.

The members of the trainmen's committee will leave for their homes, and immediately a poll of the men employed by the Great Northern will be taken. Within ten days the result of the vote on the company's refusal to abolish double-headers will be announced, and if the committee's stand is upheld it will virtually mean that the trainmen will decline to work until the schedule they demand is accepted by the company.

Within fifteen minutes after the conference was called all questions but the double-header proposition were settled. The company granted the request for the 12 and 15 per cent increase in salary asked by the men; also the adoption of the Chicago scale of yard wages.

### Double-Header the Paramount Issue.

But the men asked more. To them the elimination of double-headers is the paramount issue, and they absolutely refused to accept any compromise which did not include the abolition of the helper service.

For the company, Mr. Ward contended that the Great Northern is not a double-header road, and that but few helper engines are in use. He stated that it would be a piece of absurdity to place an elimination clause in the contract when double-header trains are already eliminated.

However, the men insisted that if the company's contention were true it had nothing to lose by granting the demand, while the trainmen would be receiving the same wage and labor schedule granted to the men of the Northern Pacific, Union Pacific, Santa Fe and the other transcontinental lines.

But Mr. Ward was firm. He stated that the schedule proposed by the men would, if accepted, force the company to employ additional men, not needed by the road as it is now operated.

On the other hand, the men claimed that they were entitled to the same concessions granted by the Northern Pacific and other transcontinental lines as the conditions governing the operations of the Great Northern are identical.

Two hours of discussion failed to bring the men and the company to any compromise, so it was decided to call the negotiations off.

### DEATH TO FOUR MINERS.

Gas Explosion and Firedamp Work Grim Destruction.

Glance Bay, N. S., April 25.—A gas explosion brought death to four men and probably fatal injuries to another in the Reserve colliery, while firedamp overcame a score or more of men who are now in St. John's hospital.

The dead are: Michael S. McNeil, Henry Jackson, Joseph King and William King.

A man named Whilway was probably fatally injured.

The explosion took place in the French slope of Reserve mine. Some gas had accumulated in the level but had been partially removed. On this level it is customary to work with naked lights. The five men were at work when the gas ignited from a lamp and the explosion followed. Whilway was found alive, but he is frightfully burned.

A rescue party went into the mine and brought out the bodies, the work being dangerous owing to firedamp and a large number of men are suffering in consequence.

There is no fire in the mine and work will be resumed as soon as it is cleared of gas.

### IMPORTANT CONFERENCE.

Root and Vattmann Discuss Philippine Affairs.

Washington, April 25.—Secretary Root and Rev. Edward J. Vattmann, chaplain of the Twenty-ninth Infantry, had an important conference Friday concerning affairs in the Philippines. The conference related to the friar question and to the attitude of the Catholic church toward the "Americanizing" of the islands. Chaplain Vattmann has been granted by the war department a leave of absence for six months, with permission to visit Europe. He will sail for Europe May 9. Before his return to the Philippines he will confer with the authorities of the Catholic church at Rome.

### SEVEN BODIES RECOVERED.

Believed a Traveling Man Perished in Minneapolis Explosion.

Minneapolis, April 25.—All the bodies, seven in number, of the members of the office force of the Northwestern Star Oil company, which was wiped out of existence by Thursday's explosion, have been recovered from the terrible mass of debris that remains as the only evidence of the annihilated plant.

Three bodies, those of David Dacey, John Spotanski and Joseph Laphand, still remain under the ruins, and there is little hope of ever finding them, as they were in that portion of the building where the flames raged the fiercest and have probably been wholly consumed.

All save one of the six employees of the company who escaped with their lives are at various hospitals in the city and doing nicely. Walter Scott, who was the most dangerously injured, is at the city hospital. Partial

paralysis of some of his organs has set in, and the attending physicians consider his condition very critical. All the others are on the rapid road to recovery and will be about soon.

The flames were still raging in the tank room Friday morning another one of the storage tanks exploded. The oil burned fiercely for several hours. No one was injured by the last explosion.

There was probably other than ten lives lost in the fire. One of these is thought to be traveling representative of a large eastern oil concern. So far no definite information as to who the missing man might be has been secured.

### Troops for Macedonia.

London, April 25.—"Turkey has decided," says the Salonica correspondent of the Daily Mail, "to concentrate an army of 240,000 men in Macedonia. The troops are pouring in daily."

## KEEP A CHEERFUL MIND.

Not Only When Things Go Well, but When You Meet Disaster.

To be cheerful when the world is going well with you is no great virtue. The thing is to be cheerful under disadvantageous circumstances. If one has lost money, if business prospects fail, if enemies appear triumphant, if there is sickness of self or those dear to one, then is it indeed a virtue to be cheerful. When poverty pinches day after day, month after month or through the years as they pass and one has ever to deny self of every little longing for luxury and the puzzle of how to make a dollar do the work for two has to be solved, then the man who can still be cheerful is a hero. He is a greater hero than the soldier who faces the cannon's mouth. Such cheerfulness is the kind that we need to cultivate.

To acquire this self command we need to think of many things. We need to guard against giving way to irritation about little things. If we can maintain self control in small matters, we shall have less difficulty in maintaining it when great matters are to be met. If we meet with irreparable losses, we must readjust our lives to fit the new conditions. There is no great evil so bad but that it might have been worse. Let us congratulate ourselves that the worst is not yet. There is truth in the saying that "every cloud has a silver lining." Though it may for a time look so dark we can see no glint of the silver, yet we know it is there.—Milwaukee Journal.

## An Architectural Curiosity.

There are many churches throughout England which are without tower or spire, but there are few churches which can boast of having a tower and spire side by side. One of these is the parish church of Ormskirk in Lancashire. The tower is built over the porch at the west end, and the spire is placed as closely as possible to it. The origin of this architectural freak has not been ascertained, but there is a tradition to the effect that when Orme, the Saxon pirate from whom the town derives its name, decided to construct a kirk, or church, as an expiatory offering for his evil deeds his two daughters quarreled over the design for the structure. One determined to have a tower, the other was equally resolved to have a steeple.

As neither of them would give way the pirate chief acceded to both their wishes, and the curious may see the tower and spire still keeping watch side by side on the surrounding country.

## The "Huntsman's Cup."

The "huntsman's cup," or pitcher plant, is conceded to be one of the earliest, if not the earliest, of the wild flowers of America to become known to Europeans. References occur in relation to it as early as 1570, when a Lisbon physician named Laumanus sent it to a contemporary as the leaves of the frankincense tree. It appears that two sailors brought the curious leaves growing near, and Laumanus supposed they belonged together. Much confusion occurred and much wonderment was expressed as to what curious tree with such leaves could be found in America giving such "sweete odoure when the gum was burned," and, strange to say, most attempts to clear up the mystery resulted in greater obscurity.

## Break Calculation.

We all like to puzzle our brains over things which give certain and strange results, but which we cannot explain. Here's a puzzle that puzzles everybody. Take the number of your living brothers, double the amount, add to it three, multiply the result by five, add to it the number of living sisters, multiply the result by ten, add to it the number of deaths of brothers and sisters, subtract 150 from the result. The right hand figure will be the number of deaths, the middle figure the number of living sisters and the left the number of living brothers.—Canton Saturday Roller.

## Young Wasps Fried.

Young wasp grubs fried in butter do not at first sight appear to be the most alluring dish in the world, yet they have been pronounced delicious by those hardy experimenters who have tried them. Fed as they are upon the sweetest juices drawn from fruits and flowers, they naturally possess a delicate flavor. Perhaps the best way to prepare them is to bake them in the comb.—London Tablet.

## An Unhappy Suggestion.

Miss Youngthing—And what would you say, George, if I were to tell you I didn't believe one word you say regarding the lasting qualities of your affection?

George—I would say that you are far too wise for any ordinary man to marry. Goodbye.—Baltimore American.

## The Complaining Passenger.

"That man," said the Guilford avenue conductor, "is as inconsistent as he is ungrateful."

"Why, what is the matter now?" "Why, to-day he made a big kick because he had to hang on a strap, and now he's growling because he can't find a strap."—Baltimore News.

## They Differ Much.

## A PLEASANT PARTY.

A Large Number of Guests Enjoy the  
Dancing Party Given by Brainerd  
Lodge, B. P. O. E.

Last night the dancing party given  
at Elks hall was a very pleasant  
event and many of the wives and  
lady friends of Elks who had never  
visited the beautiful rooms before,  
had that opportunity last evening.

A dance program, with varied and  
interesting numbers, was enjoyed  
and the evening was made the more  
delightful from the fact that some  
very excellent music was interspersed  
while the dancers rested. Frappe  
and cake was served from a nook in  
the banquet room by two young  
ladies and tables were provided for  
those who desired to play cards. The  
evening was a very pleasant one in-  
deed and all seemed to enjoy them-  
selves immensely.

Those who furnished music for the  
occasion were Mesdames J. C. Atherton,  
G. D. LaBar, E. W. Crane and  
Messrs. Alderman and Webb.

## Robbed the Grave.

A startling incident is narrated  
by John Oliver, of Philadelphia, as  
follows: "I was in an awful condi-  
tion. My skin was almost yellow,  
eyes sunken, tongue coated, pain  
continually in back and sides, no ap-  
petite, growing weaker day by day.  
Three physicians had given me up.  
Then I was advised to use Electric  
Bitters; to my great joy, the first  
bottle made a decided improvement.  
I continued their use for three weeks,  
and am now a well man. I know  
they robbed the grave of another  
victim". No one should fail to try  
them. Only 50 cents, guaranteed,  
at Olaf Skauge and H. P. Dunn &

## SHOWS INCREASE IN VALUE.

A. T. Kimball, of Hellsburg, Gives an  
Illustration How Taxes Have  
Increased.

A. T. Kimball, of Hellsburg, is  
in the city today and just paid his  
taxes on his land which amounted to  
\$43. Just for instance Mr. Kimball  
referred to the matter in speaking to  
THE DISPATCH reporter and stated  
that he was glad he was a resident  
of Crow Wing county, even though  
his taxes have increased so much in  
the past few years.

On this same tract of land which  
he paid \$43 taxes today in 1889 his  
taxes amounted to the munificent  
sum of \$1.12. This is but one of the  
many proofs of the great increase in  
the value of property in the county  
during the past few years.

Attorney A. D. Polk has received

Turner against M. J. Reilly. The

## CURES CATARRH.

"Hyomei the Most Wonderful Cure for  
Catarrh Ever Discovered," says  
Mayor Yard.

Do not try to cure catarrh by tak-  
ing drugs into the stomach; it can-  
not be cured in that manner. The  
only way in which this too common  
disease can be cured is through a  
direct application that will kill the  
bacilli of catarrh and prevent their  
growth.

Hyomei is the only known method  
of treatment that accomplishes this.  
It is the simplest, most pleasant, and  
the only absolute cure for catarrh  
that has ever been discovered.

Thousands of unsolicited testimo-  
nials have been received from the  
most prominent men and women in  
the country who have been cured by  
this remarkable remedy. Ministers,  
bankers, lawyers, even eminent phy-  
sicians have sent strong testimonials  
as to the remarkable powers of Hyo-  
mei to cure catarrh.

Former Mayor Emory M. Yard, of  
Trenton, N. J., writes: "You have  
my permission to say that I believe  
'Hyomei' to be one of the most won-  
derful cures for catarrh and throat  
trouble that has ever been discover-  
ed. In my case the effect has been  
marvelous. I enclose you money or-  
der for two outfits for friends of  
mine to whom I have recommended  
'Hyomei' and who I am anxious shall  
have the benefit of this remarkable  
panacea."

The complete Hyomei outfit costs  
but \$1.00, consisting of an inhaler,  
dropper and sufficient Hyomei to  
last some weeks. This will effect a  
cure in ordinary cases, but for chro-  
nic and deep-seated cases of catarrh,  
longer use is necessary, and then  
extra bottles of Hyomei can be ob-  
tained for 50c. It is not alone the  
best (it might be called the only)  
method of curing catarrh, but it is  
also the most economical.

H. P. Dunn & Co. have so much  
confidence in the power of Hyomei  
to cure catarrh, that they will for a  
limited time, sell this medicine under  
their personal guarantee to refund  
the money if the purchasers can say  
that it did not help them. No. 3.

Eczema, scald head, hives, itch-  
iness of the skin of any sort, instan-  
tly relieved, permanently cured.

## A Great Sensation.

There was a big sensation in Lees-  
ville, Ind., W. H. Brown, of that  
place, who was expected to die, had  
his life saved by Dr. King's New  
Discovery for Consumption. He  
writes: "I endured insufferable  
agonies from asthma but your New  
Discovery gave me immediate relief  
and soon thereafter effected a com-  
plete cure." Similar cures of con-  
sumption, pneumonia, bronchitis and  
grip are numerous. It is the peer-  
less remedy for all throat and lung  
troubles. Price 20c and \$1.00. Guar-  
anteed by Olaf Skauge and H. P.  
Dunn & Co., druggists. Trial bot-  
tles free.

## ASSESSORS MEET IN BRAINERD TODAY

The township assessors of the

ing with Auditor Mahlum and receiv-  
ing instructions and getting their  
supplies for their annual crusade on  
the taxpayers.

The following extracts from the  
statutes relating to the listing of  
personal property will be of interest:

"All real property in this state  
subject to taxation, shall be listed  
and assessed every even numbered  
year, with reference to its value, on  
the first day of May preceding the  
assessment, and all real estate be-  
coming taxable any intervening year,  
shall be listed and assessed, with  
reference to its value, on the first day  
of May of that year. Personal prop-  
erty shall be listed and assessed  
annually, with reference to its value,  
on the first day of May.

"The owner of personal property

day of May and the first day of Ju-  
ly, shall be assessed in either in  
which he is first called upon by the  
assessor. The owner of property  
moving into this state from another  
state, between the first day of May  
and the first day of July, shall list  
the property owned by him on the  
first day of May of such year in the  
county, town or district in which he  
resides. Provided, If such person  
has been assessed, and can make it  
appear to the assessor that he is held  
for tax of the current year on the  
property in another state, county,  
town or district, he shall not be  
again assessed for such year."

## IS NOT GAMBLING

Roy L. Braucht, A Former Brainerd Boy  
Brings Novel Suit in Court  
at Minneapolis.

The following from the Journal  
will be of interest in that R. L.  
Braucht is well known in the city,  
having at one time engaged in the  
laundry business here:

"Again a jury has held that dealing  
in wheat margins is not gambling  
and that a man losing his money  
thereby is not entitled to any relief  
at the hands of the law.

"The jury in the case of Roy L.  
Braucht against the Graves-May  
company tried before Judge Harris-  
son returned a verdict this morning  
in favor of the defendant. The  
plaintiff, a minor, claimed that he  
had been induced to engage in what  
he termed 'wheat gambling' and had  
thereby lost the sum of \$625. This  
amount he sought to recover from  
the commission firm who had done  
his buying at the chamber of com-  
merce. The case was tried at some  
length and the system of options and  
the selling and buying wheat for  
future delivery were fully expound-  
ed for the benefit of the jury. The  
case will be appealed and Judge  
Thomas Canty and Charles Bond, at-  
torneys for the plaintiff, say they  
feel confident of winning in the end.

## MUSIC AND DRAMA.

THE POND STOCK COMPANY.

The Pond Stock Co. play at the  
Brainerd theatre for a three nights'  
engagement opening next Monday,  
April 27th, presenting a change of  
play and specialties nightly. "The  
Soldier's Sweetheart", is the opening  
bill, with all new specialties between  
the acts thus making a continuous  
show and doing away with long  
tedious waits. Mr. Pond has a mov-  
ing picture machine which he claims  
is one of the best in this country to-  
day, all the views being new and  
very beautiful. Monday night ladies  
will be admitted free with a paid 50c  
ticket purchased in advance. The  
prices have been lowered to the small  
sum of only 25, 35 and 50 cents,  
which should insure them good  
houses.

Tickets are now on sale at H. P.  
Dunn & Co.'s store.

## HI HENRY'S MINSTRELS.

One of the largest as well as one  
of the strongest minstrel attractions  
of the times is Hi Henry's big city  
minstrel aggregation and vaudeville  
congress, which appears at the  
Brainerd theatre next Friday, May  
1st. Six funny comedians headed by  
Billy Clark, will furnish fun assisted  
by the singing comedians Corrigan  
and Dove. Twelve cultured vocalists  
will sing the latest songs, hits and a  
palatial new first-part setting will  
lend enchantment to the scene. Ten  
big vaudeville acts are advertised in  
the olio, which should make the  
whole a splendid minstrel perform-  
ance.

## "WHEN KNIGHTHOOD WAS IN FLOWER"

What will unquestionably be one  
of the events of our local theatrical  
season will be the appearance of that  
beautiful and charming artiste, Ellie  
Ellsler, under the direction of Frank  
L. Perley, Julia in Marlowe's original  
complete \$20,000 New York Criterion  
Theatre production of "When  
Knighthood was in Flower". Miss  
Ellsler's triumphs in the exacting  
roles of Barbara in "Barbara Frietch-  
ie" and Glory Quayle in "The Chris-  
tian" demonstrate Manager Perley's  
wisdom in entrusting her with the  
difficult roll of Mary Tudor. The  
date here is next Saturday, May 2nd.

The Brainerd High School Team Playing  
with the Royalton Team at Athletic  
Park this Afternoon.

This afternoon the first game of  
base ball of the season is being play-  
ed at the Brainerd Athletic park, be-  
tween the high school team of this  
city and the high school team of  
Royalton. The teams both belong  
to the league of the Northern Min-  
nesota high schools and considerable  
interest is being taken in the game  
by the young fellows. Art White is  
doing slab duty today and it is said  
that he has improved considerable  
since last year. The boys have been  
putting in some hard work practic-  
ing and they put up a rather hard  
game for a high school team.

They expect young Tache in  
Brainerd soon. Tache has been  
pitching all winter on the coast and  
is in good form and the boys are  
looking forward to his coming with  
great hopes.

## MISS ROSE OWENS,

No. 720 Seventeenth St., WASHINGTON, D. C.

"If every suffering woman  
has the same experience with  
Wine of Cardui that I had,  
your medicine will be most  
popular. About a year ago  
I began to have a worn out  
feeling with lassitude,  
pains in the back and head  
which kept increasing every  
month. I felt that I needed  
something, but to get the  
right medicine was the trouble.  
I finally decided on  
your Wine of Cardui and only needed to  
take three bottles when I was fully re-  
covered."

Miss Rose Owens.

If you are a suffering woman  
who would say to you that  
Wine of Cardui seldom  
fails to completely cure any  
case of female ills. We say  
emphatically, it never fails  
to benefit. Every day hun-  
dreds of sufferers are writing  
to our Ladies' Advisory De-  
partment. The letters are  
opened by persons compe-  
tent to give advice. Mrs.  
Jones was cured by follow-  
ing the advice which was freely given  
her by the Ladies' Advisory De-  
partment. Miss Owens was cured without  
advice by just buying a \$1.00 bottle of  
Wine of Cardui from her druggist and  
taking this great medicine in the priv-  
acy of her home. No doctor's ex-  
amination, treatment or advice is nec-  
essary. You have read what these two  
cured women have written. Is this not  
enough to lead you to determine to be  
rid of suffering?

**W**HEN Miss Rose Owens, who  
has a responsible position in  
the Government service at  
Washington, D. C., decided to  
try Wine of Cardui, she made a wise  
choice. Over a million women have  
been relieved of female weakness by this  
same Wine of Cardui. It is not a  
strong medicine but may be taken every  
day in the year by any woman with  
benefit. It does not force results, but  
corrects derangements of the menstrual  
organs. It strengthens the nervous  
system, gives tone to the bodily func-  
tions, acts directly on the genital  
organs, and is the finest tonic for wo-  
men known to the science of medicine.

## CAUSES GREAT SATISFACTION.

Vatican Pleased That King Edward Will Visit the Pope.  
Rome, April 25.—Great satisfaction is felt at the vatican at the official announcement that King Edward will visit the pope, although some arrangement by which the British sovereign would not have to start from the embassy for the vatican would have been preferred. The concession that his majesty start from the embassy met with strong opposition from some of the vatican advisers and was only overcome through the personal intervention of the pope, who said he would not allow details of form to interfere with a meeting which he most desired, as he wished to maintain with King Edward the same good relations and friendly intercourse he had had with his mother.

At the quirinal, where the point is always made not to interfere with the relations guests desire to maintain with the pope, thus demonstrating the complete independence of the papacy, it is remarked that the vatican in allowing King Edward to start from an embassy accredited to the king of Italy, a concession hitherto constantly refused, has created a precedent that may in the future prove most embarrassing to the holy see.

## CORNERSTONE LAYING

PRESIDENT ROOSEVELT PARTICI-  
PATES IN CEREMONIES AT  
NEW PARK GATE.

## MONTANA MASONS PRESIDE

Officers of That Order Conduct the Ex-  
ercises, and Place a Picture of the  
President, a Number of Coins, News-  
papers and Masonic Emblems in the  
Stone—Chief Executive Delivers an  
Address on the Beauties of the Park.

Gardiner, Mont., April 25.—Presi-  
dent Roosevelt has resumed his tour to  
the Pacific coast. Before doing so,  
however, he participated in the laying  
of the cornerstone of the new gate at  
the northern entrance to Yellowstone  
Park. The ceremony was performed  
according to the Masonic ritual, and  
was in charge of the grand officers of  
the state of Montana. Special trains  
brought hundreds of people here, in-  
cluding a large body of Masons, and  
as the weather was perfect, the scene  
was a pretty one.

The president rode down from the  
post accompanied by Major Pitcher,  
and was escorted to the gaily decorat-  
ed stand where he delivered an ad-  
dress. Troops B and C of the Third  
cavalry from Fort Yellowstone were  
drawn up in front of the stand as a  
guard of honor.

Frank E. Smith, grand master, con-  
ducted the services, assisted by De-  
puty Grand Master Sol Hepner, Grand  
Secretary Cornelius Hedges, and  
Grand Senior Warden Lew Galloway.

There was placed in the stone a pic-  
ture of President Roosevelt, a num-  
ber of coins, copies of newspapers, and  
Masonic emblems.

The president, on behalf of the Ma-  
sons of the state, was presented with  
a Masonic charm mounted on a nug-  
get of Montana gold.

The president began his address by  
thanking the people and the soldiers  
for his enjoyable two weeks' holiday  
and then spoke of the natural wonders  
of the park.

## Park is Absolutely Unique.

"The Yellowstone Park," he said,  
"is something absolutely unique in  
this world. So far as I know, nowhere  
else in any civilized country is there  
to be found such a tract of veritable  
wonderland, made accessible to all  
visitors where at the same time not  
only the scenery of the wilderness, but  
the wild creatures of the park are  
scrupulously preserved as they were.  
The only change being that those  
same wild creatures have been so  
carefully protected as to show a liter-  
ally astounding tameness."

He discoursed at some length upon  
the value of the park and extolled its  
marvelous beauty, which, he said,  
seemed to attract more visitors from  
Europe than from the Eastern states.  
He advocated a government ex-  
perimental breeding station where the  
buffalo could be crossed with cattle  
and produce a hybrid species that  
would be peculiarly adaptable to the  
climate of Alaska.

At the conclusion of the ceremonies,  
the president's train pulled out for  
Livingston. Here Mr. Burroughs will  
leave the party, and will spend a short  
time at Spokane, Wash., and on a  
ranch in Montana, after which he will  
return to his home at Peekskill, N. Y.

The presidential train made a short  
stop at Livingston. An immense crowd  
greeted the president, who appeared  
on the rear platform of his car and  
made a few remarks.

## REMOVED FROM PUBLIC VIEW.

Declaration of Independence to E.  
Locked Up in a Vault.

Washington, April 25.—The Decla-  
ration of Independence is to be seen  
no more by the public. An order has  
been issued that henceforth the his-  
toric manuscript shall be kept under  
lock and key in a great fire and light  
proof safe. The Declaration will  
never be exhibited again at any of the  
great international fairs. This de-  
cision was reached as the result of an  
examination of the document by a  
committee of the American Academy  
of Sciences now in session in this city.  
Most of the text of the Declaration is  
still legible, but only one or two of  
the signatures can be made out. There  
is only a trace of the autog-  
raph of John Hancock, the first to  
sign.

The committee, equipped with pow-  
erful microscopes, made a careful ex-  
amination of the Declaration. It was  
found that the ink used was not of the  
first quality. The fact that the en-  
grosser used a sharp pen and bore  
steadily upon it accounted in a meas-  
ure for the better preservation of the  
text as compared with the signatures.  
The great damage sustained, however,  
was in 1820, when a copy was taken  
by the crude letter press process. This  
was done in order to secure a fac-  
simile for the surviving signers, one  
of whom was Thomas Jefferson, and  
their families. The committee recom-  
mended that the Declaration be shut  
in an air and light tight case and kept  
from exhibition.

The document was photographed  
and then locked up. The committee  
has recommended that at certain long  
intervals of time it be taken from its  
case and rephotographed, the purpose  
being to measure as nearly as can be  
done the result of the protective steps.

## SHOOTS FATHER AND SON.

Jerry Goodwin Kills Thomas and Fa-  
tally Wounds William Blue.

Nevada City, Cal., April 25.—Jerry  
Goodwin shot Thomas Blue and the  
latter's son William at You Bet, near  
here, killing the father and fatally  
wounding the son. The shooting was  
the result of an attack on Goodwin by  
Blue and is said to have been caused  
by ill-feeling over a ditch right.

At the coroner's inquest, Goodwin,  
who is partly paralyzed, told a story  
of self-defense. Verdict of exonera-  
tion was rendered and Goodwin dis-  
charged.

## VOTE OF "NO CONFIDENCE."

Illinois House Shows Lack of Faith in  
Its Speaker.

Springfield, Ill., April 25.—The  
house of representatives, by a vote of  
72 to 69, declared "no confidence" in  
Speaker Miller. A committee of five  
all personal followers of the speaker  
had been appointed by him to investi-  
gate the charges of attempted bribery  
in connection with the passage of the  
Mueller traction bill. There was a  
strong feeling among the anti-Miller  
people that there was a possibility of  
a whitewash and steps were taken to  
increase the committee in such a man-  
ner as to have the speaker's appointees  
in a minority. If anything in the line  
of a whitewash should be attempted  
the Miller men fought hard to retain  
the committee as originally appointed,  
but were outvoted and the report of  
the committee was made a special or-  
der for next Tuesday morning. At  
the same time, a subpoena issued for  
George W. Hinman of Chicago was  
made returnable at the same time.

It is the intention of the house to in-  
terrogate him regarding the facts  
upon which an editorial in the Inter-  
Ocean of Chicago alleging bribery in  
connection with the Mueller bill was  
based.

The anti-Miller men came into the  
hall in the morning determined to  
force the speaker to prove his charges  
or withdraw them. If he could not  
readily be induced to act they had de-  
cided that no business should be trans-  
acted in the house until he had com-  
plied with their demand.

They had their own way in every-  
thing from first to last, and the speak-  
er's forces were defeated at every  
point.

The committee appointed to investi-  
gate the statement made by Speaker  
Miller that he had been approached in  
the interest of the passage of the  
Mueller bill assembled in secret ses-  
sion and listened to a statement from  
Mr. Miller. The statement, it is said,  
was to the effect that two men un-  
known to him assured Mr. Miller that  
he could make money by granting a  
roll call on the Mueller bill.

At 1:30 a. m. the committee adjourned  
until Monday morning at 8 o'clock,  
with the examination of Speaker Miller  
uncompleted. No subpoenas were  
issued for any other persons and so far  
the testimony of Speaker Miller has  
not incriminated any other per-  
son. It is not thought probable that  
he will make a direct accusation of  
anybody.

## SETTLES THE CASES

TREASURER WILLOUGHBY OB-  
TAINS DISMISSAL OF PORTO  
RICAN ACTIONS.

San Juan, Porto Rico, April 25.—A  
settlement of the smuggling cases has  
been effected by Treasurer Willoughby.  
He has recommended to Attorney  
General Harlan that the cases be dis-  
missed from the district court. This  
has been done. The amount of the  
fines imposed is not known.

John S. Hord, chief of the bureau of  
internal revenue, was asked to resign  
office because he instituted the prose-  
cutions against those persons charged  
with smuggling without the authority  
of Treasurer Willoughby. Mr. Will-  
oughby said to a representative of the  
Associated Press:

## DEMANDS HIS RESIGNATION.

Governor Hunt Asks Immediate Re-  
tirement of Fajardo.

San Juan, P. R., April 25.—Governor  
Hunt has sent a letter to Senor Fa-  
jardo asking for his immediate resig-  
nation. Fajardo is the mayor of  
Mayaguez who has been charged with  
municipal frauds.

The governor took this step upon re-  
ceipt of a report from Treasurer Will-  
oughby, who made a personal investi-  
gation of the affairs in Mayaguez, to  
the effect that there has been gross  
fraud and wrong on the part of em-  
ployes and officials at Mayaguez. A  
further reason was that Fajardo has  
been charged by several municipal  
employees with carrying the names of  
nonexisting men on the police force,  
as well as other frauds against the  
revenues of the city.

Fajardo has again left Mayaguez  
for San Juan. He was arrested a sec-  
ond time and was again released on  
bonds.

The republican press still supports  
Fajardo and charges that the govern-  
ment investigators resorted to duress  
and even to torture to elicit damaging  
testimony against him. This charge  
has little weight with the better ele-  
ment in Porto Rico, as Secretary  
Hartzel and Treasurer Willoughby  
have both made a personal investi-  
gation at Mayaguez and there have been  
reports from several insular officers  
charging fraud.

## WANT INCREASE IN WAGES.

Three Thousand Men Strike When  
Their Demand Is Refused.

Los Angeles, April 25.—A demand  
was made upon General Manager Ran-  
dolph of the Pacific Electric railway  
and General Manager Muir of the Los  
Angeles railway for a raise in wages  
to 20 cents an hour and for a ten-hour  
day for the Mexican peons on the con-  
struction crew. They have hereto-  
fore received \$1.50 and \$1.75 per day.  
The demand was refused by both com-  
panies and a strike was declared.  
Three thousand men are affected.

## Chinamen Want \$4 a Day.

Butte, Mont., April 25.—Three hun-  
dred Chinese in the laundries of this  
city have struck for higher wages.

## MINED RUSSIAN RAILWAY.

Japanese Engineers Will Blow Up the  
Line in Event of War.

Victoria, B. C., April 25.—Recent ar-  
rivals from North China, including  
well posted army officers, state that  
Japanese engineers disguised as la-  
borers or commercial men have large  
quantities of explosives at various  
places along the Russian railway in  
Manchuria, ready to blow up the line  
if war is declared between Japan and  
Russia.

## CLOSES WITH A BANQUET.

Ninth Annual Conference of National  
Municipal League Ends.

Detroit, Mich., April 25.—The ninth  
annual conference of the National  
Municipal league, which has been in  
session here this week, closed with a  
banquet at the Hotel Cadillac. Covers  
were laid for 125 guests and the  
assemblage included a number of la-  
dies, wives and friends of the visitors.

President James B. Angell of the  
University of Michigan acted as toast-  
master, and toasts were responded to  
by Charles Richardson of Philadel-  
phia, vice president of the Municipal  
league, Dr. Amos Parker Wilder of  
Madison, Wis.; Hon. Horace E.  
Deming of New York, Clinton Rogers  
Woodruff of Philadelphia, Alderman  
David E. Heinemann and Rev. Nehe-  
miah Boynton of Detroit. The in-  
vocation was delivered by Rev. Spencer  
B. Mosser of Detroit.

"Solving the Municipal Problem"  
was the general topic of the pro-  
gramme of toasts.
